AACE International
Conference & EXPO 2019
NEW ORLEANS

June 16-19
Sheraton New Orleans

CONFERENCES: June 13-14 | June 15-16 | June 16 | June 19-20
Reasons to Attend

PROFESSIONAL DEVELOPMENT: Develop key skills that will help you excel in your day-to-day work. Gain vital knowledge of practices and strategies that will propel your career forward.

GLOBAL ACCESS: Discover new partnerships, resources, and technologies to help grow your business and services inside the Expo Hall, the largest in the field of total cost management.

NETWORKING: Establish and expand your network of thought leaders and peers, from around the world, who you can reach out to for advice and resources year-round.

VALUE: Save time and money as no other event will connect you with the entire field globally — and in less than one week. Members who register early get the best rates. Save $100 on your registration by staying at the host hotel.

INSPIRATION: Fuel your passion each day with insights and personal reflections from our world-class keynote sessions, special guest speakers, learning opportunities, and shared conversations with colleagues.

ATTENDING THE AACE CONFERENCE & EXPO IS A MUST FOR: cost estimators | project managers | planners | schedulers | project controls managers | cost estimators | claims and dispute resolution managers | decision and risk managers | and any professionals working in total cost management

For project and cost controls professionals who are seeking to learn and demonstrate the expertise to ensure successful project outcomes, AACE International is the only source for superior technical resources and connection to industry thought leaders.

For more information, visit AACE’s website.

Timely and Thought Provoking

Our distinguished keynote speakers at AACE’s Conference & Expo will offer attendees their knowledge and insights on today’s most pressing issues and events impacting the field.

MONDAY KEYNOTE: Meagan Johnson Generational Humorist

Think you have already heard everything about the multiple generations? Think again!

Meagan tackles the generational challenges, myths and misunderstanding head on. Unwilling to accept standard by-the-book Generational Generalizations, Meagan demonstrates to audiences, through her own in depth research and program customization, that all generations have differences and strengths that go beyond mere age and appearance. Move beyond complaining about the generations and revisiting old generational information. Learn from Meagan Johnson what you can do right now to make the most of all the generations.

TUESDAY KEYNOTE: Drew Tarvin Humor Engineer

Drew teaches people how to get better results while having more fun. He graduated from The Ohio State University, Magna Cum Laude with a degree in Computer Science and Engineering and a minor in playing video games. While at Ohio State, Drew also started an improv group, despite never having done any theater and being very much an introvert (if you know Meyers Briggs, he’s INTJ; if you know Star Wars, he’s R2D2).

After graduating, Drew worked as global project manager at Procter & Gamble where he managed million dollar projects for a $350 million business, earning multiple internal awards for his leadership, communication style, and jokes he included at the ends of emails (true story). In 2009, he started Humor That Works, a consultancy on how to use humor to get better results, and in 2012, he left P&G to lead his company full-time. Since then, Drew has helped more than 200 organizations increase productivity through humor—including P&G, GE, ESPN, Microsoft, the U.S. Navy, PepsiCo, and the International Association of Canine Professionals (also a true story). Drew is the best-selling author of Humor That Works: 501 Ways to Beat Stress, Increase Productivity, and Have Fun at Work.
Schedule at a Glance

Visit the [AACE website](https://www.aacei.org) for the complete conference schedule.

---

Sponsorship of the 2019 Conference & Expo is a great opportunity to gain exposure to global leaders in the field of total cost management and to promote your products, services, and image among total cost management professionals.

We have an array of cost-effective options that will enhance your image and visibility among 2019 Conference & Expo attendees. Our sponsorship opportunities are among the most cost and time-effective means of capturing the Conference & Expo attendee’s attention while promoting your organization.

For more information on becoming a sponsor and how it will benefit your organization, please contact Cassie LoPiccolo clopiccolo@aacei.org +1.304.296.8444 ext. 1122.
Pre- and Post-Conference Seminars & Workshops

At the Conference & Expo, choose from nine different highly interactive, participatory learning opportunities designed for wherever you are in your career. Perfect for new and experienced practitioners who focus on all aspects of total cost management. Gain valuable skills and important takeaways that you can deliver back to your organization, while also prepping for the next phase of your career. Register today!

CHAIN REACTION:
Chain Reaction is designed as a collaborative AND competitive event where teams compete against each other by collaborating in small groups. Each team will be responsible for the planning, assembly, design, and decoration of one portion of the large machine. Ultimately, in the end, teams must cooperate and communicate with other teams to connect their individual portions into one big, functioning machine. Chain Reaction as a fully collaborative or semi-competitive program provides the opportunity to form memorable bonds and strengthen core relationships. This unique event is scheduled so that you can have a networking continental breakfast, collaborate and compete in the morning, grab a to-go lunch, and still get to the first technical session on time. (Both meals are included in the price.)

SEMINARS:
